22 Satinleaf Pl is ready for you to call it "home". A hard-to-find 5 bedroom home with 2 bedrooms on the 1st floor. The home also features 4.1 baths, formal dining, a study, media room and amazing outdoor space with expansive travertine decking leading to the 2-year old pool.

The home was built with easy, elegant living in mind. Features like hardwood flooring, rounded "corners", coffered and trayed ceilings, built-ins and other amenities you would expect in a custom home abound in this lovely home. Some of the home's highlights include a large kitchen with newly painted cabinets, walk-in pantry, adjacent butler's pantry, and amazing center island with room for meal prep and dining. The primary suite is generously sized and the adjoining bath has both a soaking tub and huge shower; split vanities have undermount sinks and granite counters. A second bedroom on the 1st floor has it's own bathroom with walk-in shower - perfect for older guests. Secondary bedrooms on the 2nd floor include 1 with access to full bath that is also adjacent to the huge game and media rooms. Two bedrooms share a Hollywood-style bath. The game room is light and bright and leads into the large media room. Surround sound, wall scene lighting and a wet bar will make the media room a popular spot for movie night and football weekend.
